Just completed a 6 mths long training cum coaching program on my Leadership Development with Mr. Vineet Agarwal. I found the whole journey insightful, engaging and highly helpful.

I especially appreciated the practical examples and the clear explanations of key topics such as Critical Thinking, Accountability / Ownership, Conflict Handling, Emotional Intelligence, Situational Leadership, Stress Mgmt and many more.

I just didn't get to know when he went deep inside my psyche, finally revealing my true picture in the clear mirror. Those were the turning points.
